1: Introduction

Under the Safeguarding Children Agenda, the PRU recognises that a Safeguarding Policy requires a broader view than that of the traditional child protection policy. The *Safeguarding Children in Education* model Child Protection Policy has been incorporated into this Policy. Therefore a number of elements that would previously not have been within a child protection policy have been incorporated. However, absolute focus is maintained that the aim of this document is the protection and welfare of children and young people.

At the outset, it is critical that definitions of the terms used within this policy are clarified. **Appendix A** includes definitions and concepts taken from the Safeguarding Children: Working Together Under the Children Act 2004 and are included here for ease of reference and to ensure that common terminology is used to assist in work undertaken between partners.

The underpinning policy principles ensure that the health, safety and welfare of all our young people are of paramount importance to all the adults who work in the PRU. Our young people have the right to protection, regardless of age, gender, race, culture, religion or disability. They have a right to be safe in the PRU. All staff have an equal responsibility to act upon any suspicion or disclosure that may suggest a child is at risk of harm.

Legislation forms the basis for this Policy and the Vale of Glamorgan Safeguarding & Child Protection Policies. The following, therefore, is consistent with the Vale of Glamorgan Policy:

Our aims are:

- to provide a safe environment for young people in which to learn;
- to establish what actions the PRU can take to ensure that young people remain safe at home as well as at the PRU;
- to raise the awareness of all staff to these issues, and to define their roles and responsibilities in reporting possible cases of abuse;
- to identify young people who are suffering, or likely to suffer, significant harm;
- to ensure effective communication between all staff on child protection issues;
- to set down the correct procedures for those who encounter any issue of child protection.

'Safeguarding', is not just about protecting young people from deliberate harm. It encompasses issues for the PRU including:

- pupil health and safety
- bullying/cyberbullying
- racist abuse
- harassment and discrimination
- use of physical intervention / safe handling
- meeting the needs of pupils with medical conditions

- providing first aid
- drug and substance misuse
- educational visits
- sex and relationship education
- internet safety
- issues which may be specific to a local area or population e.g. gang activity
- PRU security
- the welfare of learners on extended vocational placements

At Y Daith, we have separate policies within which we aim to address many of the above areas. We have a Health & Safety Policy that addresses many of the areas including security, pupil welfare and educational visits; we also have a separate Anti Bullying Policy, Racial Equality Policy and eSafety Policy.

Y Daith fully recognises the contribution it makes to Safeguarding Children and Young people.

There are three main elements to our policy:-

1. **Prevention** through the teaching and pastoral support offered to young people;
2. **Procedures** that clearly outline the expectations of all parties within a Safeguarding agenda for identifying and reporting cases, or suspected cases, of abuse, concern and or vulnerability. Because of our day to day contact with young people PRU staff are well placed to observe the outward signs of abuse; and
3. **Support** to young people who may have been abused, give a cause for concern or are vulnerable.

This policy applies to all staff and volunteers working within the PRU. Additionally this policy applies to all occasional workers, volunteers, contractors and governors. All adults on the PRU site must be aware of the PRU's Safeguarding Policy as any adult, as well as teachers can be the first point of disclosure for a young person.

Within this PRU the Teacher-in-Charge retains overall responsibility for Safeguarding. The Named Senior Officer for Safeguarding in the Learning and Skills Directorate is David Davies (01446 709184). The Learning and Skills Directorate Safeguarding Officer is Dorian Davies (01446 709180).

Key safeguarding personnel within the PRU are:

- The Designated Senior Person Child Protection – (Mathew Sweeden)
- The Deputy Designated Senior Persons Child Protection – (Steve Bellamy/Nicola Fox-Mabe)

(**Appendix B** outlines the detailed roles and responsibilities of each post)

2: Prevention

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult help to safeguard young people.

The PRU will therefore:-

- a) establish and maintain an ethos where young people feel secure and are encouraged to talk, and are **listened to**;
- b) ensure young people know that there are adults within the PRU whom they can approach if they are worried or in difficulty;
- c) include in the curriculum, activities and opportunities for PSE which equip young people with the skills they need to stay safe from abuse or exploitation, both in their own communities and the cyber community, and to know to whom to turn for help; and
- d) include within the curriculum, material that will help young people develop realistic attitudes to the responsibilities of adult life, particularly with regard to childcare and parenting skills.

All staff demonstrate a total commitment to Child Protection. They raise young people's awareness of themselves through Personal and Social Education (P.S.E.) and develop a trusting climate so that they feel able to talk and share their thoughts and feelings. We also help to develop appropriate attitudes in our young people and make them aware of the impact of their decisions on others. We also teach them how to recognise different risks in different situations, and how to behave in response to them.

In the PRU we respect our young people. The atmosphere within the PRU is one that encourages all young people to do their best. We provide opportunities that enable them to take and make decisions for themselves.

We recognise that abuse and neglect can result in underachievement. We strive to ensure that all our young people make optimum educational progress.

3: Procedures

Y Daith follows the All Wales Child Protection Procedures and all local protocols in relation to safeguarding that have been endorsed by Cardiff and the Vale of Glamorgan Local Safeguarding Children Board.

Y Daith has:-

- a designated senior person for Child protection (DSP) (Mathew Sweeden), who has undertaken the appropriate training and a deputy, who will substitute in the designated person's absence (Steve Bellamy and Nicola Fox-Mabe). This substitute is a senior member of staff and shadows the DSP. In the absence of both DSPs from the PRU, the

most senior member of staff will substitute and consult with the Safeguarding Officer, Dorian Davies, if required.

- appropriate arrangements are in place for the support and training of both the Designate and the Deputy Designate;
- In the event of the DSP and Deputy DSP not being available to deal with an emergency involving Child Protection issues, the member of staff with the concern should follow procedures laid out in this policy.
- provided training for all staff regarding:-
 - I. their personal, statutory responsibility;
 - II. the agreed local procedures;
 - III. the need to be vigilant in identifying cases of abuse;
 - IV. how to support a child /young person who discloses abuse and
 - V. Record keeping
 - VI. WRAP (Prevent) training regarding preventing vulnerable people being exploited for extremist or terrorist purposes.

This should take place annually for existing staff and immediately for new staff

- identified a specific member of the Management Committee who is a designated Child Protection link and who will oversee the PRU's Safeguarding policy and practice;
- ensured that every member of staff and every MC member knows:-
 - I. the name of the designated person and their role; and the shadow arrangements in place;
 - II. that they have an individual responsibility for referring child protection concerns using the appropriate channels and within the timescales laid down in the All Wales Child Protection Procedures;
 - III. the expectations of the PRU in regard to the recording and reporting of CP concerns
- ensured that parents have an understanding of the responsibility placed on the PRU and staff for child protection by setting out its obligations in the PRU prospectus or website;
- a clear understanding that the local Children & Young People Service (CYPS) team must be contacted immediately if:
 - a child/young person who is on the Child Protection Register (CPR) is excluded either for a fixed term or permanently; and
 - a child/young person who is on the CPR has an unexplained absence;.
- worked to develop effective links with relevant agencies and co-operated as required with their enquiries regarding child protection

matters, including attendance at Initial and Review Child Protection Conferences, core groups, and submitted written reports to such meetings as required, (**Appendix F**) and MARAC reports (**Appendix G**);

- ensured that members of staff are aware of the definitions of abuse and neglect (**Appendix C**), and the need to be alert to signs of abuse.

What to do if a child tells you that they or another child/young person is being abused

- Show the child that you have heard what they are saying, and that you take their allegations seriously;
- Encourage the child to talk, but do not prompt or ask leading questions;
- Don't interrupt when the child is recalling significant events. Don't make the child repeat their account;
- Explain what actions you must take, in a way that is appropriate to the age and understanding of the child;
- Do not promise to keep what you have been told secret or confidential, as you have a responsibility to disclose information to those who need to know. Reporting concerns is not a betrayal of trust;
- Write down as soon as you can and no later than 24 hours what you have been told, using the exact words if possible. Keep rough notes;
- Report your concerns to your line manager or (if appropriate) the member of staff in your organisation with designated responsibility for child protection;
- Do not confront the alleged abuser;
- Do not worry that you may be mistaken. You will always be taken seriously by CYPS. It is better to have discussed it with somebody with the experience and responsibility to make an assessment;
- Make a note of the date, time, place and people who were present at the discussion.'

Records of Concern/Significant Event/Disclosure

Whenever a member of staff has concerns, or when a child presents with a marked change of behaviour, a Record of Concern/Significant Event/Disclosure (**Appendix D**) should be completed noting the date of the event/concern and action taken. This record of concern should be signed by both the referrer and the Designated Senior Person for Child Protection and a copy kept by the DSP, even when there is no need to refer the matter to CYPS immediately.

All staff should be aware of the following paragraph from AWCPP 2008:

If any person has knowledge, concerns or suspicions that a child is suffering, has suffered or is likely to be at risk of harm, it is their responsibility to ensure that the concerns are referred to CYPS or the

police, who have statutory duties and powers to make enquiries and intervene when necessary.
AWCPP 2008 page 73.

NB If a referrer disagrees with a decision made by the DSP, who decides not to pass on concerns, it is the referrer's responsibility to make that referral.

Chronology Log

The Chronology Log (**Appendix E**) or the My Concern Chronology Log is to be used to build up a picture, if concerns remain.

Storing records

All records must be kept secure and in locked locations and children's/young people's files must be kept individually and separately in line with the Pupil Information Record System as supplied by the Directorate of Learning and Skills (**Appendix J**). Concerns will be shared with relevant professionals involved with the child, but records will not be available without the authority of the Designated Senior Person (DSP);

Transfer of Files

All Safeguarding information must be transferred to a new school/PRU immediately when a child/young person on the Child Protection Register, or who has a diagnosed mental health difficulty, or who is known to CYPS, leaves. CYPS must be informed of the child's/young person's transfer. The DSP will ensure that the receiving school/PRU is fully aware of any Safeguarding concerns and that the file is copied and transferred separately in a secure, appropriate manner. **Key** documents in the file must be copied and kept in PRU. (Child Protection records should be kept until a child reaches the age of 25) If the PRU is unable to ascertain what PRU/educational setting the child/young person is transferring to, the PRU must inform the Named Senior Officer for Safeguarding in the learning and Skills Directorate – David Davies;

Procedures for PRU based staff

All staff and volunteers working with children and young people are well placed to observe outwards signs of abuse, changes in behaviour or failure to develop. They therefore have a duty to safeguard and promote the wellbeing of pupils and comply with the All Wales Child Protection Procedures and the National Assessment Framework.

These procedures are consistent with the All Wales Child Protection Procedures and the National Assessment Framework which should be referred to for greater detail according to specific circumstances.

When a member of staff, teaching or non – teaching, is alerted to signs of abuse or neglect s/he should:

- Complete the Record of Concern/Significant Event/Disclosure (noting the date, event and action taken), even where there is no need to refer the matter to CYPS immediately and pass it to the DSP
- Discuss the issue with the PRU's DSP or in his/her absence the Deputy DSP. If the decision is taken that the incident needs to be referred, the DSP should make a telephone referral to CYPS by telephoning the Duty Officer on 01446 725202, or out of hours on 02920 788570. This must be followed within two working days by completing the Multi-Agency Referral Form (MARF) either in writing or via e-mail to: dutymarfs@valeofglamorgan.gov.uk. If the "Child in Need of Care & Support" referral box is ticked, it must be accompanied with parental consent. No parental consent is needed for the "CP" referral box. The "Information Only" referral box will be logged by CYPS and only acted upon if it is considered a CP matter.

*The Duty Officer
Vale of Glamorgan Council
Dock Office
Barry
CF63 4RT*

- The DSP should ensure that parents are informed and made aware of the referral, **other than in circumstances when doing so would put the child at further risk of harm.**
- Significant events should always be added to the Chronology Log to enable the PRU to build up a picture of what might be going on for the child/young person.

(Advice may be sought prior to referral from the above asking for the duty desk, or the [Safeguarding Officer](#), Dorian Davies – Safeguarding Officer 01446 709180 or in his absence David Davies, 01446 709184).

Following the referral the PRU must:

- Be kept informed of the strategy discussions and attend strategy meetings / case conferences / core group meetings as required
- Record the date, event, action taken and result of suspected child abuse and keep records confidential, separate and secure;
- Contribute to the coordinated approach to Child Protection by developing effective liaison with other agencies and support.
- Provide written reports, using **Appendix F**.

Procedures for the Learning and Skills Directorate Staff.

Staff who visit PRUs (both centrally based staff such as the SIIS, Challenge Advisers and those providing commissioned services) may also receive pupil disclosures or gain evidence of possible abuse including neglect.

They should share the information with the PRU's DSP, or in his/her absence, the Deputy DSP. If, following discussion, the decision is taken that the incident needs to be referred, the DSP should make the referral to

CYPS, by telephoning the Duty Officer on 01446 725202 or out of hours on 02920 788570. This must be followed up within two working days by completing the Multi-Agency Referral Form (MARF) either in writing or via email dutymarfs@valeofglamorgan.gov.uk.

Following this they should inform their line manager, or in her/his absence, Dorian Davies on 01446 709180 or in his absence David Davies, 01446 709184.

This should be done without delay (same day) and a copy of the MARF provided on completion. If no child protection referral is made, a full written record must be provided to the PRU using the Record of Concern/Disclosure/Significant Event Form, **(Appendix D)**, with an e-copy to Dorian Davies.

Similarly adults employed by the Council to work with children or young people outside the PRU setting e.g. members of the Youth Service, should inform their line manager, or in her/his absence the Local Authority Safeguarding Officer, Dorian Davies on 01446 709180 or in his absence David Davies, 01446 709184.

This should be done without delay (same day) and a copy of the MARF provided on completion. If no child protection referral is made a full written record must be provided to the PRU, using the Record of Concern/Disclosure/Significant Event Form, **(Appendix D)**, with an e-copy to their line manager.

As the adult who first raised the concern, it is the visiting member's responsibility to ensure that the PRU has acted upon the concerns raised. The responsibility for taking procedures further lies with the visiting member if they are not satisfied with the PRU's response. If this is the case, concerns should be shared with David Davies or Dorian Davies who will liaise with the PRU.

It is not the responsibility of staff in PRU, visiting PRUs or working with children and young people, or in Youth settings, to investigate suspected child abuse, only to report any disclosure or apparent evidence.

4: Supporting vulnerable pupils and those who are at risk

Y Daith recognises that young people who are at risk, suffer abuse, neglect or witness violence may be deeply affected by this.

This PRU may be the only stable, secure and predictable element in the lives of young people at risk. Nevertheless, when at the PRU their behaviour may be challenging and defiant or they may be withdrawn.

The PRU will endeavour to support the young person through:-

the content of the curriculum to encourage self esteem and self motivation (see section 3 on Prevention);

- a) the PRU ethos which:
 - a. promotes a positive, supportive and secure environment; and
 - b. gives young people a sense of being valued (ref. Section 3 on Prevention)
- b) the PRU's behaviour policy is aimed at supporting vulnerable young people in the PRU. All staff have agreed on a consistent approach which focuses on the behaviour of the offence committed by the child/young person but does not damage their sense of self worth. The PRU will endeavour to ensure that the young person knows that some behaviour is unacceptable but s/he is valued and not to be blamed for any issue which has occurred;
- c) liaison with other agencies who support the student such as CYPS, Child and Adolescent Mental Health Services, the Educational Psychology Service, Behaviour Support Services and the Education Welfare Service;
- d) keeping up to date records, using the Chronology Log and notifying CYPS as soon as there is a recurrence of a concern.

When a child/young person on the Child Protection Register leaves, we will transfer information to the new school/PRU immediately and inform CYPS.

5: Bullying/Cyberbullying

Y Daith's policy on bullying is set out in a separate document and is reviewed annually by the Management Committee.

Under the Education & Inspection Act 2006, there is a specific duty to take measures to promote good behaviour and to prevent all forms of bullying.

6: Pupils with mental health difficulties

The Safeguarding Pupil Concern Record (**Appendix E**) should be used to record any concerns relating to a child/young person's mental health. All referrals/discussions with mental health professionals or other agencies should be documented in the safeguarding file. All acts of violence or threats of violence committed by the child/young person should be reported to the police unless a clear directive not to do so is given by mental health professionals.

7: Physical Intervention

Y Daith's policy on physical intervention is set out in the Local Authority Policy on The Use of Physical Intervention and is adopted and reviewed annually by the Management Committee.

Any allegation of inappropriate physical intervention involving a young person must be reported in line with the guidance in this policy (Allegations Against Staff Section 11).

The PRU will ensure that every physical intervention is appropriately recorded on the Physical Intervention form and reported to the Local Authority following their guidance. Records of physical interventions are kept on pupil files and can be made available to parents/carers on request.

8: Young people with statement of Special Education Needs

Y Daith recognises that statistically young people with learning/behavioural difficulties and disabilities are most vulnerable to abuse. PRU staff who deal with children with profound and multiple disabilities, sensory impairment and/or emotional and behaviour problems need to be particularly sensitive to signs of abuse.

9: Safe use of the internet and digital technology

Y Daith recognise that in a modern learning environment, use of the Internet, multimedia devices and digital imaging facilities are part of everyday requirements. However a child/young person's safety will remain the priority of the PRU.

All staff are aware that any items that have capability for use of the Internet or the creation of digital images (including mobile phones) must be used by young people under appropriate supervision. **If any such item that belongs to a member of staff is brought onto the PRU site, it is the responsibility of that staff member to ensure that these items contain nothing of an inappropriate nature.**

Young people are not permitted to directly access items that do not belong to the PRU.

If there is any suspicion that any multimedia device or computer contains any images or content of an inappropriate nature, the DSP should be informed immediately.

Social Networking Sites (SNS)

Social Networking sites are part of everyday culture within the cyber environment and all staff will promote safe use of the internet to all young people. Staff are strongly advised not to have contact with young people and parents on SNS. The PRU curriculum will include the input of appropriately trained personnel around Internet Safety and safe use of media items. Staff

will ensure that any personal use of Social Networking sites does not in any way impinge upon the PRU or their professional standards. Any concerns regarding a staff member's conduct should be brought to the immediate attention of the DSP.

Any attempt by a child/young person to contact staff via such internet sites will immediately be reported to the DSP in order that appropriate advice can be given to the young person and their parents/carers regarding professional boundaries and the safety of the young person.

Permission for the creation of digital or media images

- Every parent/carer must be requested to give specific consent for any image of their child to be recorded in the PRU on an annual basis. Permission slips will clearly identify the range of images i.e. Photographs or digital filming/video images. In addition the permission will also be specific in listing the use of any digital or multimedia images i.e. Photographs in a local newspaper, PRU leaflets or posters or DVDs for sale to parents and others.
- The PRU will issue a further request for permission if there is an opportunity for images to be produced of children that was NOT specifically listed in the initial permission request.
- The PRU will inform parents/carers that they can only record photographic or digital images of children in PRU based activities i.e. PRU concerts, with the permission of the Teacher-in-Charge. The PRU will never condone the posting of children's/young people's images on the internet or social networking sites. The PRU cannot control the use of such images taken by parents/cares after PRU events, and therefore could not assure other parents/carers of the appropriateness of that use.

10: Contact with young people

- All staff, volunteers and Management Committee members will maintain an awareness of the position they hold with the PRU and the perceived power of their position. All contact with children/ young people outside the PRU environment must be managed appropriately and be clearly communicated within PRU and to their parents/carers. If there is a requirement to contact a child/ young person via telephone, parents/carers will be informed prior to contact being made with the child/young person
- **All PRU staff will ensure that their personal telephone numbers and contact details are not known to or used by the young people unless absolutely necessary.** Should they gain access to any such details the member of staff will inform the DSP as a matter of urgency. Should any staff member, volunteer or management committee member become aware that outside of PRU time there is direct contact between adults within PRU and any of the young people and that it is not for PRU

purposes, the DSP is to be informed immediately. This may result in the instigation of procedures in relation to Allegations against a Professional.

11: Safer Recruitment

All personnel working within the PRU will require the appropriate safeguarding checks as outlined in the Local Authorities Recruitment and Selection Policy and the Safer Recruitment Policy.

Staff involved in the recruitment process **must** ensure they read and fully comply with both documents.

For new employees, this will include an enhanced DBS check (with the appropriate barring list check) and two satisfactory references one of which must be from the current or most recent employer/colleague. Additional safeguarding checks will also be required which are outlined in the safer recruitment policy. **All checks must be in place before a start date can be arranged.** Separate arrangements may apply for existing employees where appropriate checks are recorded on file. Further guidance is outlined in the council's Safer Recruitment Policy.

In exceptional circumstances, the applicant may start employment without the necessary safeguarding checks in place but only in cases where any delay in starting the applicant will cause risk of harm to a child/young person or adversely affect the delivery of education of the young people of the PRU. In such circumstances, the risk assessment process, as outlined in the safer recruitment policy will be followed and suitable safeguarding measures put in place. This arrangement will only be valid for 12 weeks from the start date.

12: Allegations against staff

Welsh Government guidance circular 9/2014 "*Safeguarding Children in Education: Handling Allegations of Abuse against Teachers and other Staff*" sets out specific advice to be followed where a child protection allegation is made against a member of staff.

The Teacher Unions, the Association of Directors of Social Services and the Association of Chief Police Officers, have agreed to join NEOST Guidance on practice and procedure in cases where there has been an allegation against a member of staff of abuse of trust. Guidance can also be found in chapter 4.3.6 All Wales Child Protection Procedures.

When a member of staff witnesses or receives an allegation of professional abuse against another adult who is working with young people: this could include staff, volunteers, management committee members, occasional workers or contractors, and those staff that are not on PRU site but come into contact with young people ie those who transport the young person to and from PRU, s/he should:

Report the matter immediately to the Teacher-in-Charge, who should:

- obtain details of the allegation in writing, signed and dated
- keep a record of dates, times, location and names of potential witnesses.
- not investigate the allegation, or interview pupils, or discuss the allegation with the member of staff, (but should consider, in consultation with the Safeguarding Officer and the Child Protection Unit, whether the allegation requires further investigation and if so by whom.)
- inform the Chair of the Management Committee (Amber Condy)
- Contact the **Local Authority Safeguarding Officer Dorian Davies** 01446 709180 who, together with the Principal Officer for Child Protection, will give urgent consideration as to whether or not there is sufficient substance to the allegation to warrant an investigation: The outcome will either be:
 - i. without foundation
 - ii. internal disciplinary procedures
 - iii. a referral under the Child Protection procedures

N.B. if the latter is the case the Principal Officer will discuss the allegation with the Police Child Protection Unit. This discussion may lead to a decision to hold a strategy meeting.

Should the case be referred under the Child Protection Procedures the investigation will be informed by the guidance in “Working Together” and the All Wales Child Protection Procedures, which recommend that there should be a strategy discussion to plan the investigation and any subsequent action.

If the Teacher-in-Charge is unsure about whether a case should be formally referred s/he may seek advice and support from the Designated Lead Officer.

If Teacher-in-Charge is the person against whom the allegation is made, the member of staff must consult with the Chair of the Management Committee who will then contact the **Designated Lead Officer David Davies, (01446 709184)** who will discuss the allegation with the Child Protection Unit.

The Local Authority are responsible for dealing with staff disciplinary matters in all maintained PRUs. A local authority is required to adopt rules and regulations to regulate the conduct and discipline of all staff it employs or has day-to-day responsibility for (except certain ancillary staff).

Local guidance issued in October 2011 reiterated that any queries or concerns for the conduct of a professional must be referred to CYPS.

13: PRU Site Security

Y Daith is a safe and secure place for pupils to learn and develop learning and social skills. The physical safety of pupils when on the PRU site is of paramount importance. Access to the PRU site is strictly monitored and reviewed in line with the Local Authority guidance on the Health and Safety of the education premises. The PRU's Health and Safety Policy is available to review on request from the Teacher-in-Charge.

All daily contractors to our site are requested to sign in and out of the PRU premises. They will clearly list the company for whom they work and the reason for their visit. As a daily contractor is unlikely to have a DBS disclosure available to be viewed by the PRU, an alternative method of risk assessment will be employed. A risk assessment is formulated by the PRU, using the Daily Contractors Log sheets, which clearly list the control measures employed by the PRU to safeguard pupils (**Appendix J**).

14: Confidentiality

Y Daith regard all information relating to individual child protection issues as confidential, and we treat it accordingly. We pass information on to appropriate persons only.

We comply with the government requirements set out in DHS Circular LA 83/14, and by the Vale of Glamorgan, with regard to confidentiality. The Child Protection information is held in a secure, locked location. This contains information about confirmed and suspected cases of child abuse.

Information from third parties will not be disclosed without their prior knowledge and consent. Access to these files may be withheld in certain prescribed cases where there are instances of actual or alleged abuse (see DfES Circular 16/19). Working notes are not subject to disclosure but will be summarised and then kept on file. These guidelines are in line with the safeguards on disclosure of information set out in the Education (School Records) Regulations 1989.

15: Monitoring and reviewing

The Management Committee (MC) of Y Daith has a senior member of staff designated to take lead responsibility for dealing with child protection issues. The MC also recognise their responsibility with regard to Safeguarding and Child Protection and will ensure that it is always an annual agenda item for their meetings. Every management committee appoints a Safeguarding Member and in accordance with the council's policy statement, all Safeguarding members must undergo Enhanced DBS checks.

Y Daith will use the Estyn 'Self - Evaluation form for Safeguarding and Child Protection' to monitor and review our policy and practice on an annual basis.

Key Definitions and Concepts

Extract from All Wales Child Protection Procedures

Child in need of care support & guidance	A child is a child in need of care support & guidance if: <ul style="list-style-type: none">- he/she is unlikely to achieve or maintain, or have the- opportunity of achieving or maintaining, a reasonable- standard of health or development without the provision- for him/her of services by a local authority;- his/her health or development is likely to be significantly impaired, or further impaired, without the provision for him/her of such services; or- he/she is disabled.
Child protection	Child protection is a part of safeguarding and promoting welfare. This refers to the activity which is undertaken to protect specific children who are suffering or are at risk of suffering significant harm as a result of abuse or neglect.
Children	A child is anyone who has not yet reached their 18 th birthday. 'Children' therefore means 'children and young people' throughout. The fact that a child has become sixteen years of age is living independently or is in Further Education, or is a member of the armed forces, or is in hospital, or in prison or a young offenders institution does not change their status or their entitlement to services or protection under the Children Act 1989.
Development	Physical, intellectual, emotional, social or behavioural development.
Harm	Ill-treatment or the impairment of health or development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another.
Health	Physical or mental health.
Safeguarding and promoting	<ul style="list-style-type: none">- Protecting children from abuse and neglect;- Preventing impairment of their health or development; and

the welfare of children	<ul style="list-style-type: none"> - Ensuring that they receive safe and effective care, so as to enable them to have optimum life chances.
Significant harm	<p>Section 31(10) of the Children Act 1989 states that “where the question of whether harm suffered by a child is significant turns on the child’s health or development, his health or development shall be compared with that which could reasonably be expected of a similar child”.</p>
Welfare and Well-being	<p>There is no statutory definition. The Children Act 1989 introduced the welfare checklist that a court shall have regard to in certain circumstances. The 1989 Act states that a “court shall have regard in particular to:</p> <ul style="list-style-type: none"> - the ascertainable wishes and feelings of the child concerned (considered in the light of his age and understanding); - his physical, emotional and educational needs; - the likely effect on him of any change in his circumstances; - his age, sex, background and any characteristics of his which the court considers relevant; - any harm which he has suffered or is at risk of suffering; - how capable each of his parents, and any other person in relation to whom the court considers the question to be relevant, is of meeting his needs; - the range of powers available to the court under this Act in the proceedings in question.”

Roles and Responsibilities of the PRU's Safeguarding Personnel

The Designated Senior Person Child Protection (DSP) will co-ordinate child protection arrangements within the PRU.

All PRUs must nominate a senior member of staff to coordinate child protection arrangements. The local authority maintains a list of all designated senior persons (DSPs) for child protection.

The DSP:

- is appropriately trained;
- acts as a source of support and expertise to the PRU community;
- has an understanding of LSCB procedures;
- keeps written records of all concerns, ensuring that such records are stored; securely and flagged on, but kept separate from, the pupil's general file;
- refers cases of suspected abuse to children's social care or police as appropriate;
- notifies CCYPS if a child with a child protection plan is absent for more than two days without explanation or is excluded;
- ensures that when a pupil with a child protection plan leaves the PRU, key documents are copied, their information is passed to their new PRU and the pupil's social worker is informed;
- attends and/or contributes written reports to child protection conferences (**Appendix G**);
- coordinates the PRU's contribution to child protection plans;
- develops effective links with relevant statutory and voluntary agencies;
- ensures that all staff sign to indicate that they have read and understood the child protection policy;
- ensures that the child protection policy is updated annually;
- liaises with the nominated governor and Headteacher (where the role is not carried out by the Headteacher) as appropriate;
- keeps a record of staff attendance at child protection training;
- makes the child protection policy available to parents.

The deputy designated person(s) is appropriately trained and, in the absence of the designated person, carried out those functions necessary to ensure the ongoing safety and protection of pupils. In the event of the long-term absence of the designated person, the deputy will assume all of the functions above.

The management committee ensures that the PRU has:

- a DSP for child protection who is a member of the senior leadership team and who has undertaken training in inter-agency working, in addition to basic child protection training;

- a child protection policy and procedures that are consistent with LSCB requirements, reviewed annually and made available to parents on request;
- procedures for dealing with allegations of abuse made against members of staff including allegations made against the Teacher-in-Charge;
- safer recruitment procedures that include the requirement for appropriate checks;
- a training strategy that ensures all staff, including the Teacher-in-Charge, receive child protection training, with refresher training at three-yearly intervals. The DSP should receive refresher training at two-yearly intervals;
- arrangements to ensure that all temporary staff and volunteers are made aware of the PRU's arrangements for child protection.

The management committee nominates a member (normally the chair) to be responsible for liaising with the local authority and other agencies in the event of an allegation being made against the Teacher-in-Charge.

An annual report will be submitted to the local authority about how the management committee's duties have been carried out. Any weaknesses will be rectified without delay.

The Teacher-in-Charge:

- ensures that the child protection policy and procedures are implemented and followed by all staff;
- allocates sufficient time and resources to enable the DSP and deputy to carry out their roles effectively, including the assessment of pupils and attendance at strategy discussions and other necessary meetings;
- ensures that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the whistleblowing procedures;
- ensures that pupils' safety and welfare is addressed through the curriculum.

Definitions of Abuse and Neglect

Extract from the All Wales Child Protection Procedures

To ensure that our pupils are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

‘A child is abused or neglected when somebody inflicts harm, or fails to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger. A child or young person up to the age of 18 years can suffer abuse or neglect and require protection via an inter-agency child protection plan (taken from All Wales Child Protection Procedures 2008).

Abuse and neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm, for example by hitting them, or by failing to act to prevent harm, for example by leaving a small child home alone, or leaving knives or matches within reach of an unattended toddler.

There are four categories of abuse: physical abuse, emotional abuse, sexual abuse and neglect.

- **Physical abuse**

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or caregiver fabricates or induces illness in a child whom they are looking after. (For further details related to Fabricated Illness, please see the All Wales Child Protection Procedures 2008

- **Emotional abuse**

Emotional abuse is the persistent emotional ill treatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate or valued only in so far as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. It may involve causing children frequently to feel frightened or in danger, for example by witnessing domestic abuse within the home or being bullied, or, the exploitation or corruption of children. Some level of emotional abuse is involved in all types of ill treatment of a child, though it may occur alone.

- **Sexual abuse**

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative or non-penetrative acts. They may include non contact activities, such as involving children in looking at, or in the production of, pornographic material or watching sexual activities, or encouraging children to behave in sexually inappropriate ways

- **Neglect**

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. It may involve a parent or caregiver failing to provide adequate food, shelter and clothing, failing to protect a child from physical harm or danger, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs. In addition, neglect may occur during pregnancy as a result of maternal substance misuse.'

Indicators of Abuse
